ALEXANDER MCQUEEN FALL/WINTER 2020 EYEWEAR COLLECTION

Contrasting sentiments of romance and rebellion pulse through the new Alexander McQueen Eyewear collection which merges subtle delicacy and powerful sophistication.

Lightweight and luminous silhouettes are designed to give strength and confidence. Smooth contours and amplified volumes feature distinctive details echoing the brand's couture and ready-to-wear creations. Each look tells a story of meticulous craftsmanship and luxury appeal.

A butterfly studded with crystals celebrates the beauty of nature. The iconic skull appears as a statement of empowerment and self-expression. Freedom and individuality are revealed in the oversize frames with bold proportions finished with rubberized effects.

Offered in a variety of shapes, tones and textures, all styles are finished with the instantly recognizable Alexander McQueen logo.
